

BUCKS COUNTY SCHOOLS INTERMEDIATE UNIT #22
WHAT TO DO IN CASE OF A WORK-RELATED INJURY
EFFECTIVE DECEMBER 2007

If you suffer a work-related injury, your health and well being are our first concern. If the injury is of a serious nature and requires the assistance of an ambulance or rescue personnel, they should be contacted immediately. If the injury is of a less serious nature, the following procedures must be followed:

1. If you suffer a work-related injury, the first thing you **MUST** do is report the injury to your supervisor. You will then need to contact SDIC to file a Workers Comp. claim by calling **1 (800) 445-6965 extension 101**. A packet of information and forms will then be sent to your home address by the BCIU Workers Comp Coordinator.
2. The BUCKS COUNTY INTERMEDIATE UNIT or our insurer will pay for reasonable surgical and medical services and supplies, orthopedic appliances and prosthetics, including training in their use, when needed. In order to ensure that your medical treatment will be paid for by the Bucks County Intermediate Unit or our insurer, **you must select from one of the healthcare providers listed below for your initial care:**

3. Please call in advance for an appointment if you need treatment. (When you report your injury to SDIC, they will assign you a claim number. Please use this claim number when seeing the provider.)
4. You must continue to treat with one of these providers for ninety (90) days from the date of your first visit.
5. If, after this ninety (90) day period, you still need treatment, and the Bucks County Intermediate Unit has provided this list as set forth above, you may choose to continue with this health care provider or you may choose another provider. You must notify the BCIU Workers Comp Coordinator of this action within five (5) days of your first visit to the health care provider of your choice. (These reports must be filed within ten (10) days after your first visit and at least once a month for as long as treatment continues.)
