Bucks IU Mobile Fab Lab Partnership Opportunity

Why a Mobile Fab Lab?

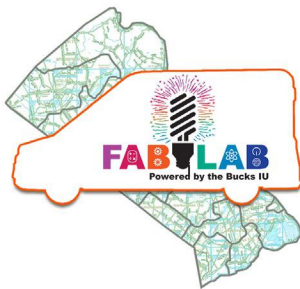

The Mobile Fab Lab seeks to meet a very real need that exists both across Pennsylvania and in Bucks County. In 2018, there were over 300,000 STEM related jobs in Pennsylvania, and nearly 17,000 of those jobs were unfilled. In Bucks County, Advanced Manufacturing jobs are frequently cited as the most in-demand. The Bucks IU's Mobile Fabrication Lab will therefore help prepare students for the local STEAM workforce.

The Mobile Fab Lab received initial funding from Governor Wolf's PAsmart Initiative. "Workers in all types of jobs increasingly need to use computers and technology," declared Governor Wolf. In order to meet that demand, the Governor created PAsmart to expand science and technology education.

What is the Mobile Fab Lab?

The lab itself is a transit van that transports several carts full of equipment such as 3D printers, a laser engraver, CNC router, vinyl cutter, and robotics equipment. The lab will visit schools for a one-week residency and will visit regional homeless shelters on the weekends and during the summer.

In addition to school and shelter residencies, the Mobile Fab Lab will also provide professional learning for educators and it will be available for community and family engagement events.

How Can You Support the Mobile Fab Lab?

The Bucks IU is seeking partners to help guide and sustain the Mobile Fab Lab for years to come. The Mobile Fab Lab Leadership Team meets throughout the year to ensure the Lab is meeting its goals, discuss sustainability plans, and celebrate the successes of the Lab.

Partnerships are built on a continuous basis. Please contact Lindsey Sides, Ed.D., to discuss a partnership today: LSides@BucksIU.org or 215-348-2940, extension 1460

Benefits to All Partners

Opportunity to join the Mobile Fab Lab Leadership Team to ensure the Lab is meeting its goals, discuss sustainability plans, and celebrate the successes of the Lab
Invitation to Mobile Fab Lab Ribbon-Cutting Ceremony
Invitation to 'Partner Event' to experience the Mobile Fab Lab
Contribution towards Title 1 school scholarships
Company logo on all Mobile Fab Lab marketing materials, including staff polo shirts
Recognition on Bucks IU Mobile Fab Lab website
Listed as a partner in press releases
Recognized as a partner on social media

Partnership Levels

Presenting Partner (Starting at \$50,000)

- Large 'Presenting' logo on the Mobile Fab Lab (transit van).
- Large 'Presenting' logo on all materials.
- Opportunity to speak at Mobile Fab Lab events.
- Three curricular projects custom developed to represent your industry

Platinum Partner (Starting at \$25,000)

- Extra-Large company logo on all materials.
- Opportunity to speak at Mobile Fab Lab events.
- Two curricular projects custom developed to represent your industry.

Gold Partner (Starting at \$15,000)

- Large company logo on all materials.
- One curricular project custom developed to represent your industry.

Silver Partner (Starting at \$7,500)

- Medium company logo on all materials.

Bronze Partner (Starting at \$2,500)

- Small company logo on all materials.

Partnerships are built on a continuous basis.
